PROFESSIONAL SUMMARY

Data and AI specialist focused on **Analytics Engineering** and **Workflow Automation**. Solid experience in migrating to modern infrastructures (**Dataform/GCP**) and developing **AI Agents (n8n/RAG)** that connect LLMs to business processes. A track record marked by delivering tangible **ROI** and eliminating manual processes through data-driven software engineering.

SKILLS & TECHNOLOGIES

- **AI & Automation:** Claude Code, **n8n**, **RAG** (Retrieval-Augmented Generation), **Autonomous Agents**, Pinecone, **Apps Script**, Model Context Protocol (MCP).
- **Modern Data Stack:** SQL, Python, BigQuery, Dataform, **Apache Airflow**, Databricks (Fundamentals), Looker Studio, Power BI.
- **Engineering & Governance:** ETL/ELT, Data Modeling, **Git**, Data Dictionary, Auditing and Compliance.

PROFESSIONAL EXPERIENCE

IFC Roofing & Construction | *Data Analyst* | Feb 2025 – Currently

- **AI AND AUTOMATION:** Created **AI agents** using **n8n** for lead generation, connecting **REST APIs** and Notion for automated distribution to the sales team.
- **DATA ENGINEERING & ORCHESTRATION:** Automated data ingestion and processing via **Apps Script** and **Apache Airflow**, eliminating **100% of weekly manual work** in financial reporting and ensuring reliable high-volume data synchronization between Google Sheets and Notion.
- **ANALYTICS & DASHBOARDS:** Developed strategic dashboards in **Looker Studio** for real-time monitoring of operational and sales **KPIs**.

POLEN – Waste Solution and Valorization | *Data Analyst* | Oct 2021 – Feb 2025

- **DATA ARCHITECTURE & ROI:** Designed a financial ledger in **BigQuery** processing hundreds of thousands of lines, resulting in a **20% reduction** in merchandise acquisition costs.
- **ANALYTICS ENGINEERING & GOVERNANCE:** Led the transition to **Dataform (GCP)**, implementing code versioning via **Git** and establishing a "**Single Source of Truth**".
- **AI & SALES AUTOMATION:** Developed AI workflows integrating **HubSpot** and **LLMs** for automated "Health Check" reports and proactive alerts in **Slack**.

- **METRICS GOVERNANCE:** Cataloged the company's first technical **Data Dictionary**, ensuring **100% traceability** in analytical reports.

Ferreira Costa Home Center | *Commercial Administrative Assistant* | June 2018 – Jan 2021

- **PERFORMANCE ANALYSIS:** Monitored sales performance by building reports in **SQL, Power BI, and Excel**, automating goal tracking.
- **AUDIT AND COMPLIANCE:** Conducted financial audits of Marketplace supplier payments and managed the partner prospecting pipeline.
- **E-COMMERCE OPTIMIZATION & SEO:** Implemented **Technical SEO** in product descriptions and titles, resulting in higher organic conversion.

SUDENE | *Intern (Data and Public Policy)* | May 2017 – June 2018

- **DATA PROCESSING AND STRUCTURING:** Collected and processed socioeconomic information for regional impact studies, ensuring data quality to support public policies.
- **METADATA MANAGEMENT:** Collaborated in maintaining metadata structures, ensuring the organization and technical documentation of regional databases.

Assimétrica Consultoria | *Intern (Finance and Compliance)* | Feb 2016 – May 2017

- **COMPLIANCE AND DATA AUDIT:** Prepared databases for compliance analyses in pension fund investments.
- **FINANCIAL ANALYTICAL SUPPORT:** Structured financial data for external audits, ensuring accuracy in investment performance reports.

ACADEMIC BACKGROUND

- **Bachelor's Degree in Software Development** | **BYU-Idaho** | 2025 – Present
- **MBA in Investment Management** | **ESTÁCIO de Sá University** | 2020 – 2021
- **Bachelor's Degree in Economics** | **UFRPE** | 2014 – 2019

CERTIFICATIONS

- **Databricks:** AI Agent Fundamentals, DevOps Essentials, Build Data Pipelines with Lakeflow, Data Ingestion with Lakeflow Connect (2025/2026).
- **Others:** Data Analysis **with** Google Sheets, Google BigQuery, **and** Looker Studio.
